These initiatives should be aligned with Massachusetts' reform efforts and should help districts meet the NCLB goals and requirements for highly qualified teachers, instructional paraprofessionals in Title I targeted assistance and school-wide programs, and high-quality professional development. The goal is to improve the overall effectiveness of all educators, including administrators, within the district.</p> <p>District allocations are based on a federal formula using census data which factors in population, poverty and student enrollment.</p>
