6. What consequences in the classroom, if any, do you think are likely for regional students if the day started and ended later (between 20 and 50 minutes later)? (choose as many as you wish)

		Response Percent	Response Count
students are likely to be less sleepy in class		54.5%	60
students are likely to be more sleepy in class		0.0%	0
students are likely to be less engaged and attentive in class		0.9%	1
students are likely to be more engaged and attentive in class		45.5%	50
students are likely to have fewer behavioral problems in class		20.9%	23
students are likely to have more behavioral problems in class		0.9%	1
I do not foresee any significant consequences		34.5%	38
I don't know/ I am not sure		13.6%	15

9. One option being considered in conjunction with a change in regional school start and end times would be to move required meetings (e.g., faculty meetings) to the beginning of the day. If school were to start and end later (between 20 and 50 minutes later), how would you view that option?

		Response Percent	Response Count
I would likely be in favor of before-school meetings		53.6%	59
I would likely not be in favor of before-school meetings		19.1%	21
I have no strong preference		19.1%	21
I don't know/ I am not sure		8.2%	9

10. If you supervise an after-school activity (sports, clubs, etc.) at the region, how would a later end time affect your ability to continue in that supervisory role, assuming the activity continued to be offered at the end of the school day?

		Response Percent	Response Count
I do not supervise an after-school activity		28.4%	31
It would make it much more challenging to continue in that role		23.9%	26
It would make it somewhat more challenging to continue in that role		24.8%	27
It would make little or no difference		18.3%	20
It would make it easier to continue in that role		0.0%	0
I don't know/ I am not sure		4.6%	5
