The Public Schools of Dover and Sherborn invite you to apply to the Integrated Preschool Program 2022-2023 School Year

The Dover and Sherborn Public Schools each offer Integrated Preschool Programs at their local schools for children ages 3-5. An Integrated Preschool serves all children, both typically developing as well as those with special needs. This inclusion model allows all students to thrive as they learn through multimodal differentiated instruction. One of two options may be chosen for children:

Option 1: Monday, Tuesday, Wednesday (½ day), Thursday, Friday

Option 2: Monday, Wednesday (½ day), Friday

The preschool programs provide young children with educational experiences that support their social, emotional, cognitive and physical development. The consistent yet flexible structure, combined with research-based learning activities, helps to prepare children for kindergarten and beyond.

Applications for the Integrated Preschool Programs for the 2022-2023 school year will be accepted beginning **December 14, 2021**. The deadline for applications is **January 3, 2022**, at which time a lottery will be held. Parents will then be notified by **February 1, 2022** as to whether their child has been accepted.
