**The Public Schools of Dover and Sherborn
invite you to apply to the Integrated Preschool Program
2020 - 2021 School Year**

The Dover and Sherborn Public Schools each offer Integrated Preschool Programs at their local schools for children ages 3-5. An Integrated Preschool serves all children, both typically developing as well as those with special needs. This inclusion model allows all students to thrive as they learn through multimodal differentiated instruction. Children may attend for a full day or mornings only.

The Preschool programs provide young children with educational experiences that support their social, emotional, cognitive and physical development. The consistent yet flexible structure, combined with research-based learning activities, helps to prepare children for kindergarten and beyond.

Applications for the Integrated Preschool Programs for the 2019-2020 school year will be accepted beginning **November 25, 2019**. The deadline for applications is **December 23, 2019**, at which time a lottery will be held. Parents will then be notified on **January 8, 2020** as to whether their child has been accepted.
